Location Beirut, Lebanon

SKILLS

- Revit BIM — Design & Construction Phase
- AI Skills — Midjourney, Firefly, AI Render
- Parametric & Computational Design
- Architectural Rendering & Visualization
- 3D Modelling — Blender · Rhino · 3ds Max
- Graphic Design — Ps · Ai · Id
- Urban Planning Regulations
- Physical Model Making
- Team Leadership & Coordination

LANGUAGES

Arabic — Native

English — Fluent

INTERESTS

- Sketching & Manual Drawing
- Digital Art & Model Making
- Photography & Videography
- 3D Visualization & Animation
- Graphic Design

Profile

I am drawn to architecture as a discipline that shapes human behaviour and psychology — the way a threshold, a shared courtyard, or a carefully placed opening can alter how people feel and move through space. My interests gravitate toward community-centred design: revitalising neglected public spaces, exploring the humanitarian potential of material-conscious construction, and asking who architecture is ultimately built for. Competitions have become my primary mode of inquiry — a discipline for testing ideas beyond the studio, sharpening analytical thinking, and developing a design voice that is both rigorous and spatial. I am seeking a Master's programme that deepens this line of research, particularly in sustainable design, ecological responsiveness, and the social agency of architecture.

Awards & Competitions

- ★ **Recognition Award — Luxor Order of Engineers HQ Competition** 2026
Algorithm Architects · led team of 6 · 55+ competing firms across Egypt · 80% visual contribution
- ★ **1st Place — BAU Narratives Architecture Competition** 2025
Project: Therapy Block A
- ◆ **Shortlisted — Buildner: Hospice – Home for the Terminally Ill #5** 2026
AD'OR – Adobe & Salt · Siwa Oasis, Egypt · international competition
- ◆ 120 Hours International Architecture Competition — The Art of Losing, Oslo 2025
- ◆ Kaira Looor Architecture Competition 2025
- ◆ FutureArc Prize 2024 — Architecture for Life After · BCI Central / FutureArc Journal 2024
- ◆ Museum of Emotions #4 · International VELUX Award 2024 (Ephemeral Luminance) 2024
- ◆ 1st Place — AL MAKKASSED Drawing Competition 2015–16

Education

2022 – Present

B.Arch — Architectural Engineering & Environmental Design

Beirut Arab University

Beirut, Lebanon

- GPA 3.88 / 4.0 · RIBA Part 1 (ARB/RIBA Prescribed Programme)
- Scholarships: Algorithm Rome Summer School (AANT, Italy 2024) · Kassel Reloaded Design-Build Workshop (DAAD / Kassel University, Germany 2024)
- RIBA Mapping Committee student representative, 2022–2024

2016 – 2022

High School Diploma — Life Science

Makassed Islamic High School, Saïda

- Rank: Very Good — 17.22 / 20

Professional Experience

Nov 2025 – Present

Architectural Intern Algorithm Architects
Rome, Italy (Remote)

- **Luxor competition** — team lead (6 members); concept-to-detail Revit BIM; 8 × 70×100 cm presentation sheets; AI-integrated visualization
- **Podgorica competition** (Montenegro, 18,600 sqm) — landscape design, international codes, submission boards
- **AD'OR** — Buildner Hospice #5; vernacular Revit modelling, Siwa Oasis, Egypt

Jul – Aug 2025

Architectural Intern LDRS – Chehab & Partners
Beirut, Lebanon

- Hamra & Rawche Residential Towers — Revit design + construction documentation; Beirut Zone 1 regulations (T.E.F., S.E.F.); AI-enhanced rendering

Dec 2025 – Jan 2026

Architectural Intern Narratives Architectural Consulting
Cairo, Egypt (Remote)

- Ekramy Villa — interior design, Revit 3D modelling, AI-integrated photorealistic visualization

Jul – Aug 2023

Architectural Intern Archivision Architects
Alexandria, Egypt

- Saudi Arabia Villa Complex — AutoCAD construction documents, site supervision, construction-phase coordination

International Workshops

Algorithm Rome Summer School

AANT – Academy of Art & New Technology · Rome, Italy · 2024 · Scholarship
Responsive Parametric Facade Design; Architecture Branding Identity; student facade competition

Kassel Reloaded: Design-Build Workshop

DAAD Ta'ziz / Kassel University · Germany · 2024 · Scholarship
Revitalised Olof-Palme-Haus community centre through urban acupuncture; upcycled materials into kiosks, seating, pavilion; cross-university team

GIS & Sustainability Workshop

BAU Environmental & Geographic Studies Lab · 2024
GIS-based eco-friendly location analysis for sustainable urban initiatives

Zero Energy Houses Using BIM

BAU Environmental & Geographic Studies Lab · 2024
BIM-driven energy optimisation: solar gain, insulation, material selection for net-zero residential design

RIBA Mapping Committee Workshops

BAU + RIBA · 2022–2024 · Student Representative
Mapping workshops, BAU Students-to-Students Lecture, design thinking & curriculum alignment

Community & University Projects

Saida's Bab EL Saray Renovation

BAU + Zeidan Association · 2024–2025 · Saida, Lebanon
Design proposals, model-making, and graphic presentations for historic square revitalisation

Saida Urban Sustainability Project

Hariri Foundation / OLA · 2025
Culture-community urban solutions for Old and New Saida

Faculty of Architecture — 3D Scanning & VR Modelling

BAU Virtual Reality Lab · 2024
Virtual model via 360° photo survey and full VR scanning of faculty spaces

Software Expertise

AutoCAD		Revit / BIM	
Photoshop		Illustrator	
SketchUp		Twinmotion	
Blender		Rhino / GH	
InDesign		3ds Max · Rayon	
AI Design Tools			

- ★ Revit proficient across Design Phase (schematic → detail) and Construction Phase (documentation, coordination)
- ★ AI Tools: Midjourney, Adobe Firefly, AI-assisted render workflows — integrated across all internships
